

★ EVENT ROSTER

What is it?

The online event roster is an easy way to find a roommate or find a group from your area to carpool to TAHPERD events. The roster is a list of TAHPERD members who have registered for a specific event.

How does it work?

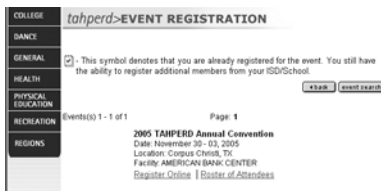

Sign in as if you were going to register for an event and click on the Roster of Attendees link located on the Event Registration page. A list will then display members who are registered, along with their ISD, campus, and member type. You can click on an individual's name for their contact information.

- 1.) Click “Register for Events” on the Member Profile page (See Picture 1)
- 3.) You can click on the individuals name to view their member profile. Their member profile should contain any information about that member needed to contact them. (See Picture 3)

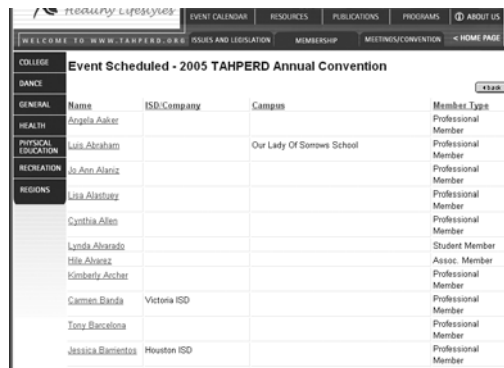

Picture 1

- 2.) Click “Roster of Attendees” under the event you want to attend. (See Picture 2)
